

Cameron is a Chartered Professional Accountant at an international professional services firm and practices primarily in the area of corporate finance & restructuring. Through his experience, Cameron provides thoughtful and practical advice on a number of topics relevant to EAC. Cameron has become involved with EAC through his shared interest in developing educational and support opportunities within Alberta's communities. As a director of EAC, Cameron hopes to assist the organization in matters related to financial management including budgeting, internal controls, etc. which will allow for sustainable growth and positive impacts for years to come.
